FEATURED ARTIST

Kellee Beaudry, painter.

Native Oregonian Kellee Beaudry has always felt an affinity to animals. So it was natural that when she became a painter, her work would reflect her interest in models of the four-legged variety. Working in acrylics and using bold colors and brush strokes, she's able to capture the distinct energy and personality of each of her subjects.

If you are unable to attend on Thursday and/or would like Kellee to paint a portrait of your pet(s), visit her website at <http://kelleebeaudry.home.comcast.net>.
